

Nursing Track 3: Part-time Evening/Weekend Curriculum

The VHCC Nursing program part-time evening/weekend program is specifically designed for adults who are interested in becoming RN's but have other responsibilities that limit their abilities to attend the rigorous scheduling of a full-time nursing program. Classes are delivered in a combination of evening, weekend, and online learning. The program is designed at a slower pace to be completed in four years. General education courses listed in Semester 1 & 2 must be completed before the student can begin nursing classes in nursing classes.

Admissions Requirements: Admissions requirements for the part-time evening/weekend program are the same as the regular program.
